

LESSON 1

Objective Students will be able to identify electrical appliances.

Materials
Needed

Classroom photocopies of Activities No. 1
and 2
Classroom Photocopies of "Letter to Family
Members" (Please sign.)

Crayons
Scissors
Glue
Old Magazines and Newspapers
Construction Paper

Procedure

1. Discuss with students the electrical appliances used in their homes. (Examples may include oven, toaster, refrigerator, alarm clock, television, radio, etc.)
 2. Have students complete Activity No. 1.
 3. Ask students to cut out electrical appliances from magazines and newspapers, and to glue them on construction paper. Then write the beginning sound of each appliance.
 4. Have students complete Activity No. 2. Discuss the purpose of each electrical appliance.
 5. Discuss with students "Letter to Family Members." Ask students to sign and to take letter home to share with parents.
